DETAILED ACTION

Claim Rejections - 35 USC § 102

1. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

2. Claims 21-23 are rejected under 35 U.S.C. 102(b) as being anticipated by Sobolewski, Pub. No. US 2003/0063431.

3. Claim 21, Sobolewski teaches a data storage system, comprising:
one or more memory devices [*data storage device 58 of Fig. 5A*];

a system controller each connected with the memory devices through respective first switches for data transmission [*data flow management, see Fig. 12 paragraph 0045*];

a power source [*power supply #1 and power supply #2 of Fig. 9*] connected with the memory devices through respective second switches [*PSw 178A-178N of Fig. 11*]; and

a switching controller for switching on and off the first and second switches [*see paragraphs 0043-0045, see also Fig. 12*].

4. Claims 22-23, Sobolewski teaches a switching station for causing an electrical interconnection for data transmission and power control of the memory device to the system controller [*see Figs. 9-12 and related disclosure*].

Allowable Subject Matter

5. Claims 24-26 are objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.
6. Applicant's amendment, filed on Oct. 25, 2007, necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
